## Five in Rev. Buchmueller's Family Ordained Ministers

The family of the Rev. Theodore S. Buchmueller, pastor of St. John Evangelical church, will present its fifth member in 37 years for consecration into the ministry at ordination services tomorrow morning in the pulpit of St. Paul Evangelical church in Minook.

In a service unique in the annals of the faith, Oscar Buchmueller, 24, youngest of four sons of the Rev. Paul Buchmueller, pastor of the Minook church, will receive the charge of office administered by his father and assisted by his three brothers, all of whom are ordained ministers.

Oscar is a graduate of Minook grade and high schools, Eureka college, Eden seminary at Webster Grove, Mo., and the theological seminary of the Evangelical Synod of North America. His first charge will be at Barnesville, Minn., where he will take up his work in July.

The father was graduated from Eden seminary in 1901 and the grandfather, Rev. H. Buchmueller, likewise was a graduate having the distinction of being one of the first to finish the school in the early sixties.

The Kankakee pastor attended Elmhurst college and Eden as did another brother the Rev. Alfred of St. Louis. Mo. The third brother, the Rev. Helmut, pastor of Zion Evangelical church at Gilman, studied at Loyola U., Elmhurst and Naperville seminary.

The youngest brother, Oscar, served the St. John pastorate here for six weeks last summer when his brother was ill. During the absence of the local pastor tomorrow, the Rev. Paul Bloesch of Dyer, Ind., a recent graduate of Eden seminary and a classmate of Oscar, will deliver the sermon.

Italians' Gift

The Italian people of Kankakee are presenting a statue of Our Mother of the Rock, through whose intercessions many miracles have been attributed, to St. Rose church on Sunday. The pastor, the Rev. P. B. Dufault, is pictured above with a replica of the statue found 400 years ago in Alessandria, Italy. The blessing of the statue will be followed by a program at St. Rose hall.

## One Motorist Wrecks Six Parked Cars

When John Laverne Pruett, 22, of Champaign, former resident of Kankakee, lost control of his car in the 500 block on North Schuyler avenue last night, five automobiles parked at the curb were smashed up. John went to the hospital and charges of reckless driving were placed against him.

The accident was so complicated two pages of the police blotter were required to tell about it. The crash occurred at 10:10 p. m. when John was driving north on Schuyler avenue at a high rate of speed, according to bystanders. As he drove over the Big Four railroad tracks his auto bounced into the air and headed for the curb.

Five automobiles were parked in a row along the curb and all were jammed together by the impact, causing several hundred dollars damage. It was said, Pruett's vehicle ploughed into the rear of the car of Robert O'Tool, 534 North Indiana avenue. This one smashed the auto of Ray Bernier of 170 South Wildwood avenue, which in turn, crashed into the rear of one owned by Mrs. Ronald Pombert of 423 South Fifth avenue and the latter banged into that of Eugene Marcotte of Ashkum. The sixth car was struck but not damaged much. Its owner's name was not learned.

Pruett's injuries were not considered serious, although he remained overnight in the hospital. The reckless driving complaint was signed by Bernier.

### HAS FICTITIOUS PLATES

Lawrence Hendrix of 904 North Schuyler avenue, an employee of Uptown Motors, was arrested yesterday by Orval Finch, city police officer, and Thomas Marcotte, state auto investigator, on a charge of operating a car with fictitious license plates. The car bore a Michigan plate but was owned by the garage. Hendrix was fined \$8.25.

### Fireworks Cause First Fire Here

The first fire to be started by fireworks this season occurred yesterday afternoon at the rear of the Henry Nehls residence, 109 East Willow street, when boys tossed firecrackers in a shed and set it on fire.

John Nesbit, of 916 South Seventh avenue, engaged in raising the house of George Francoeur, 146 East Sycamore street, looked down the alley, saw the children and the flames and called the fire department.

Nesbit and his men dashed to the shed and shoveled dirt on it until the firemen arrived and completed the job of extinguishing the blaze. Damage was limited to about \$5.

## LAST BACHELOR OF ROOSEVELTS TAKES A BRIDE

### Ancient Church By the Sea is Scene of Wedding

#### ANNE L. CLARK

Nahant, Mass., June 18.—(AP)—In the simple but gorgeous single-ring Episcopal ceremony, John Roosevelt and Anne Lindsay Clark were married at 10 a. m. today in an ancient church close by the sea.

While the president and Mrs. Roosevelt watched from a front-row, a few feet from the flower-bowered, white stained-glass altar, John and Anne took the vows that removed the last bachelor from the Roosevelt family and gave the Clark family its first married daughter.

The two youngsters, both within a few months of their 22nd birthdays, were given the happy auguries of a warm, sunny day. A throng of well-wishers filled to the doors the 107-year-old Union church and thousands pressed against the police lines outside.

The bride, wearing a flowing white organdie gown embroidered with 620 yards of satin ribbon, and a tulle veil and train that required 10 yards of material, swept up the left hand aisle of the tiny church on the arm of her uncle, Russell Sturgis.

Brother is Best Man

Before the strains of the Lohengrin wedding march had died, John joined her before the altar, stepping from the cramped, red-carpeted robing room to the right of the chancel. Behind him, as supporter in the bridegroom's traditional hour of discomfort, stood his brother and best man, Franklin D. Roosevelt, Jr.

Among the 13 ushers—a good luck omen rather than bad, John held—were his two other brothers, while the bridemaids stood his one sister, Mrs. Anna Roosevelt Boettger, colorful in a gown of hyacinth blue net, poke bonnet of natural straw and big bouquet.

The marriage ceremonies were performed by the Right Rev. Henry Knox Sherill, Episcopal bishop of Massachusetts, and the Rev. Endicott Peabody, 81-year-old headmaster of Groton school, who has taught all the Roosevelt boys and officiated at their marriages as well.

No Center Aisle

The bridal couple was played out of the church up the right, red-carpeted aisle—missing the traditional center aisle only because the

## FIDLER'S TEST SHOWS COUNTY REACCREDITED

### Less Than One-Half of One Per Cent Infected

#### DAIRY CATTLE

Dr. C. E. Fidler, Kankakee county veterinarian employed by the board of supervisors has just completed a retest of all dairy cattle in the county with the result that this county has again been accredited by the state department of agriculture for its fine condition as to scarcity of bovine tuberculosis.

In this recent county-wide survey, Dr. Fidler tested 27,078 head of dairy cattle in 2,474 herds and there was only 109 reactors to the tuberculin test, or 40 of one per cent.

However, it is pointed out, this fine record should not lull farmers and milk producers into a false sense of security in the never ending warfare against bovine tuberculosis, since constant vigilance is necessary to prevent reinfection, which is possible from many sources, and the subsequent spread of the disease among cattle and then to the human family.

Fine Record

During Dr. Fidler's tenure as Kankakee county's veterinarian, employed by the county board and accredited by the state and federal agricultural departments, he has developed the county into one of the best areas as to milk production in the Chicago milk shed.

When he took charge of the tuberculosis eradication program in 1922, there were 100 farms in the county producing milk for the Chicago market. Now there are 1,600 farms sending milk to Chicago and the other cities of the area and this industry, the greatest in the county, is worth \$2,000,000 annually.

Kankakee county was the first county in the Chicago milk shed to decrease bovine tuberculosis infection to less than one-half of one per cent. The program began when the late former Governor Len Small was in office and he was anxious that his home county should become a leader in this great program.

Governor's Influence

Through his influence and assistance, the county was a leader in the program, with the result that Kankakee county farmers were among the first to market their milk in Chicago and they have been able to retain this market through the years.

Tuberculosis control in cattle has been remarkably successful through-

## Candidate Tells Why Woman Judge Would Make Good

Watseka, June 18.—(RN Special)—Close to 100 persons attended the dinner last evening in the Presbyterian church parlors for Walter Gunn of Danville, Republican candidate for Illinois Supreme court justice of the 23rd district.

The banquet was arranged by the Republican county central committee with Attorney Roscoe C. South in charge. Candidate Gunn pleaded for nomination of a man who can't be hampered by the political bosses.

"We can beat them if we get out and fight in earnest," he said.

County Judge Jessie Sumner, who is a candidate for congress, also addressed the group and following her talk, Toastmaster South exclaimed: "That's the kind of a person we want to represent us in Washington. She'll know when to say no. She ought to, because she has been an old maid for several years now."

## Italians Will Present New Statue Here

A marble statue of Our Mother of the Rock will be dedicated Sunday afternoon at 2:15 o'clock at St. Rose church by the pastor the Rev. P. B. Dufault. He will be assisted by the Rev. D. S. Giambastiani of Blue Island who will give an address in the Italian language.

The church ceremonies will be followed by a program and entertainment in St. Rose hall. The public is invited to the church service and the program.

The history of this statue, familiar to all Italian people, is an interesting one. The original was discovered in the town of Alessandria, Della Rocca, Italy, about 400 years ago. Many miracles have been attributed to the intercession of this saint. A church has been erected on the site where the statue was discovered.

The movement to erect a statue in the church here was started by a group of Italian people from Alessandria who were assisted by all the other former residents of Italy. The statue is of white marble and is said to be a fine piece of art.

## Continue Murder Trial for 60 Days

An order continuing for 60 days the murder trial of Albert LaVance, 38-year-old Michigan colored man, was entered yesterday by Circuit Judge W. R. Hunter.

State's Attorney Samuel H. Shapiro had asked that the case be stricken from the docket, with leave to reinstate, but Francis J. Householder, attorney for LaVance, demanded an immediate trial.

The state's attorney said he is in the midst of further investigation of the shooting of John Blivenicht near Grant Park almost three years ago. New evidence has arisen, he said.

Whether LaVance is to be sent to the Joliet penitentiary for the 60 days or held in jail here has not yet been decided.

Drought Causes Staggering Crop Losses in Gt. Britain

By WALLACE S. HUBERT  
International News Service  
London, June 16 (NSI-RS) - Rain fell over parched Britain today and officials noted a three-month drought but it did not count in time to save farmers from early losses estimated at more than fifty millions dollars.

While in some districts the rain was sufficient to save crops, the majority of the grain crop, other areas such as Lincolnshire, Cambridgeshire and Leicestershire, were badly affected, with farmers desperately trying to cut their losses.

In these districts, the "richest" soil and agricultural parts of the country, already all the plough and sowing crops have been ruined, first by drought and then by blight.

Strawberry Crop Halted  
Strawberries have been ruined to half the normal output, with a loss of \$500,000, while gooseberries have been cut in a loss of about \$400,000.

In beautiful Kent counties, vines of the orchards have been stripped by the burning sun by day and by frost at night, and a single cherry will be gathered.

Many growers in South Hampshire have been forced to leave their fields, and a severe ground frost which caused damage to the crops.

Over the greater part of England, Wales and Scotland, there are now no more crops, and during the last few days but the rain may become a relief before it will do much to reduce the drought situation.

Secretary J. P. Smith of the English Farmers' Union said: "The drought has been a disaster, summed up by the drought."

Directed by S. Sylvan Simon

Presented at the Luna Theater

THE CAST

Larry Crane..... Larry Blake

Danny Thomas..... Maurice Murphy

Inspector Donahue..... Morgan Conway

Detective Branch..... David Oliver

"Ma" Hutchins..... Lucille Gleason

The impact of a valiant girl's love against the inbred tiger-code of sinister waterfronts makes "Nurse from Brooklyn," Universal's exciting picture which opens at the Luna theater with the owl show tonight, one of the most unusual dramatic romances ever to hit the screen. The picture drives home the emphatic lesson that crime does not pay. It reveals many of the hitherto hidden methods used by a police department in tracking down a hidden killer in a great city. But, most of all it reveals the hidden streams of emotion in the human soul when confronted with a tragic decision. The story deals with a beautiful nurse who is led to believe by her fiancé, a waterfront hoodlum raised with her in the Brooklyn slums, that her brother, whom he killed, was shot by a policeman just to earn a promotion. She makes the cop fall in love with her and when she is about to lead him into a trap to be killed, her own love for the man stymies her determination. Sally Eilers and Paul Kelly head the cast in the roles of the nurse and the policeman. They have strong support in the stellar performances of Larry Blake and Maurice Murphy. The picture, based on a popular Liberty magazine story, is directed by E. Sylvan Simon.

## 700 Orientals But No Chinese! "Adventures of Marco Polo" Starts Sunday at Paramount

You won't see your Chinese laundryman in Samuel Goldwyn's "The Adventures of Marco Polo." For the new Gary Cooper starring vehicle, which comes to the Paramount theater screen on Sunday, is laid in the thirteenth century when the Mongolians stood over six feet tall and had wavy whiskers and jeweled finger-nails.

According to Robert Gary Cooper, who plays the part of Marco Polo, whose job it was to change from one to 700 Orientals into Orientals every day, "The Adventures of Marco Polo" is the toughest picture from a makeup standpoint in the history of Hollywood. If Stephanoff ran his department on the assembly line principle, it would be simple. But he takes almost as much trouble with the smallest bit player as he does with the most important principal.

This makeup business is an intricate one, according to Stephanoff. The first thing to do is read the script of the picture.

"You figure out what each leading character should look like," he says. "Then when they come in, you make fit your conception."

The first character Stephanoff worked on was Kublai Khan, who is played by George Barbier. Mr.

### Gary's Pleasant Adventure

### FAROUK LAUNCHES MODERNIZE EGYPT

Cairo.—(P)—Youthful King Farouk is sponsoring a \$50,000,000 plan to give each of his 15,000,000 subjects some of the benefits of the western civilization he likes so well.

When Farouk opened parliament he announced a 10-year program of social reforms for the fellahen, or peasants, who form 80 per cent of the population.

The Egyptian government realizes a higher standard of living will increase production and give the country more money to pay its bills.

Many Egyptians wear western clothes, topped by the scarlet turban. But 10 miles from the city the fellahen, whose ancestors built the pyramids, still live in low huts of brown Nile mud, with roughly thatched straw roofs, their mode of life little changed from that of their ancestors.
